

Operating panel VACUU·SELECT

[Link to the website](#)

Product description

This is only the VACUU·SELECT operating panel of the VACUU·SELECT controller for special installation and replacement situations. The scope of delivery does not include a vacuum sensor or power supply unit. For the fully equipped VACUU·SELECT controller, order item no. 20700000. Other versions of the controller can be found under complete controllers. VACUU·SELECT packages for fine vacuum control are listed in the fine vacuum control packages section.

Performance features

- Only VACUU·SELECT control unit for special installation and replacement situations
- Without vacuum sensor
- Without power supply unit
- For the fully equipped VACUU·SELECT controller, order item no. 20700000.

Ordering data

Product name	Nominal mains voltage mains frequency	Plug type	Articleno.
VACUU·SELECT	VACUU·BUS DC	Without	20700040

Items supplied

Accessories

- Function extension for VACUU·SELECT controller VACUU·SELECT User Management (20700900)
- Rubber vacuum tubing DN 8 mm (20686001)

Technical data

Permissible ambient temperature range (operation)	10 - 40 °C
Permissible ambient temperature range (storage)	-10 - 60 °C
Max. media temperature (continuous operation)	40 °C
Max. media temperature for short times	80 °C
Material of outer housing	Robust plastic housing with good chemical resistance
Protection class IEC 60529	IP 40
Protection class UL50E	Type 1
Protection class of front side according to IEC 60529	IP 41
Protection class of front side according to UL50E	Type 2
Dimensions (L x W x H)	152 x 127 x 41 mm
Weight	0.59 kg
Max. breaking capacity / breaking current 24V/VACUU-BUS®	4 A
Cable length connection	ohne Netzkabel m
NRTL certification	Yes
Interface	Ethernet (RJ45): Modbus TCP / USB (Type A): Data transfer, software update, RS-232 (additional adapter required)

VACUUBRAND®

VACUUBRAND is part of the Brand group, a manufacturer of high-quality and innovative laboratory equipment and vacuum technology with a global team of approx. 1,000 employees.

With highly motivated and qualified employees, we manufacture the world's most comprehensive product family for vacuum generation, measurement and control for the rough and fine vacuum range in the laboratory.

All with one goal:

Enabling our customers to run reliable, safe and efficient processes. This is why we commit ourselves to continuous innovation, first-class performance, and outstanding quality.

Engineering excellence is central to our ability to deliver products and solutions renowned for their quality, durability, and reliability. Innovative technology, high quality materials and extensive testing deliver unmatched performance - engineered and manufactured in Germany.

Together with you, our experts will find the best solution for your application and provide you with first-class service along the way.
